Whether you're looking to start a new career or advance in your current job, a few more academic credits can make a big difference. And because you're on your way to a college degree, the extra credits you earn through DSST will free you up to focus your time and energies on the courses you want to take.

Combine DSST with Other Prior Learning Assessment

DSST is an effective method to provide your college with evidence of prior learning. In fact, the 37 exams available at a competitive fee compliment other credit by exam programs such as CLEP. Prior Learning Assessment will help you accelerate your path to degree completion while saving you the time it takes to sit through a course, as well as the additional dollars spent on tuition. Check out your options for degree acceleration through prior learning assessment now at **GetCollegeCredit.com**. Then, contact your college or university to learn about their credit awarding policy. The exams are likely delivered at your learning institution or one close by.

Accelerate Your Degree

It takes 90 minutes or less to complete a DSST exam. You will also find preparation resources on **GetCollegeCredit.com**.

A fact sheet with recommended study

material is available for free on the website in addition to a list of approved study materials by test preparation companies. Imagine cutting months off your degree completion requirements in practically no time at all... Or checking off a few elective credits in just one weekend.
